

2021 Internship – Accounting

A career at Meijer is so much more than just a paycheck. Meijer was built on one family's dream with the goal of helping people and now more than 80 years later that's exactly what we've done and will always do. Today, Meijer is the 19th largest privately held company – with more than 70,000 team members across six Midwest states. As the pioneer of the "one-stop shopping" concept, Meijer values innovation and fresh ideas from each and every Team Member. Meijer also offers countless opportunities for professional career growth, personal enrichment and truly invests in your success. Whether you join one of our retail stores, distribution centers, or corporate offices, as a Meijer Team Member you become more than just an employee...you become a member of the family.

Meijer is seeking candidates for accounting internship opportunities! Join our program to get experience in your field while also learning more about the retail industry and the breadth of career opportunities that support the shopper experience. Your internship will include interaction with other interns, experts in your area of study, and Meijer senior leadership.

The internships will allow participants to gain a breadth of experience in the accounting function of a retail enterprise, with focus on one of two possible areas:

The Audit team is responsible for conducting various financial, IT, operational, and compliance audits. The intern will gain experience in identification of risks and internal controls to mitigate those risks. The intern will also have the opportunity to use and interpret results from Meijer's predictive, statistical modeling tool. Responsibilities include:

- Participating in planning, scoping, execution and reporting of audits
- Identifying and documenting financial, technological, and business risks; related controls; and refinement of existing audit programs
- Executing and performing audit procedures to ensure controls are in place
- Summarizing and delivering results of audits in written and verbal form, including presentation to management
- Running statistical experiments, interpreting results, and presenting results to internal stakeholders

The Financial Planning & Reporting team has responsibility for developing and providing appropriate reporting and information to control business operations. Responsibilities include:

- Participation in financial scorecards, statistics and analysis that evaluate various strategic models and proposed business solutions
- Providing cost accounting support for Meijer's growing manufacturing operations, including COGS and inventory valuation
- Financial statement preparation and analysis.

Qualifications:

The Meijer Internship Program is an experiential education program designed for students currently enrolled in a degree program, who are considering future careers in this exciting field. If you are not currently enrolled in a degree program, please search our site for other positions of interest.

- Progress toward a bachelor's degree in accounting (preference junior level candidate).
